Project-Based Rental Assistance (Multifamily)

The Arizona Public Housing Authority has oversight and monitoring responsibilities for 114 subsidized properties, representing over 7,900 units, throughout the state of Arizona. The properties, which receive rental subsidies through the Section 8 Program of the U.S. Department of Housing and Urban Development, offer affordable housing to households that are at or below 50% of the area median income. The subsidy or assistance stays with the property—those families residing at a Project-Based Assisted property may receive assistance as long as they are eligible and reside at the property. The assistance does not go with the family when they move. Families must be eligible under Project-Based Rental Assistance requirements. Applications are accepted at each site.
